Dear Mr Johnstone,

FPA-11714 Keir & Cawder Estate Felling Permission Application

Scotland's Garden and Landscape Heritage is grateful to be consulted in advance of the above Felling Permission Application.

We have reviewed the FPA and accompanying map figure and note that the proposals regard the clear felling of Norway spruce trees within the Keir Estate walled garden. Originally planted as Christmas trees and left to grow, these trees now compromise the structural integrity of the walled garden, and therefore we support their removal.

Thank you for consulting SGLH on the Felling Permission Application.

Yours sincerely,
