For the attention of Euan Johnstone

Dear Mr Johnstone,

### **Felling Permission Application FPA-89126 Blair Adam**

Thank you for consulting Scotland's Garden and Landscape Heritage on the above Felling Permission Application, which lies immediately west of the Blair Adam Designed Landscape. Blair Adam is included in the Inventory of Gardens in Scotland and is therefore assessed by Historic Environment Scotland to be of National Significance.

We have studied the information submitted in support of the application and confirm we have no concerns with the clear-felling of Sitka and Norway Spruce together with selective felling of mixed broadleaves and welcome the restocking proposals with a broader range of species, as being more sympathetic adjacent designed landscape.

We have no further comments about this application

Yours sincerely,
