9 December 2022

For the attention of Julie Seidel-Gregory

Dear Ms Seidel-Gregory,

P/22/0622/FUL Improvement Works to Drainage System: Dunmore Pump, Dunmore, Falkirk

Scotland's Garden and Landscape Heritage is grateful to be included in the above consultation, the site of which lies adjacent to Dunmore Park, included in the Inventory of Gardens and Designed Landscapes in Scotland and therefore assessed by Historic Environment Scotland to be of National significance.

Having studied the documents submitted in support of the application and being familiar with the site from previous consultations, we do not consider there will be any significant detrimental impact on the Inventory landscape and therefore have no objection.

If you have any further queries, please contact us, and we would be grateful to be advised of the outcome of the application in due course. In the meantime, we would request to remain included in any future consultations affecting Dunmore Park, and other Inventory and non-Inventory designed landscapes in Falkirk.

Yours sincerely,

Alison Allighan BSc (Hons), MSc, CSFHS, CMLI
Conservation Consultant
